

What's New?

The ever changing response to COVID-19 means that KiwiEd. is constantly having to manage these changes and introduce new requirements for our programme, such as the mandated vaccination requirements across the Education sector. The KiwiEd. team would like to thank those involved in the service and have patiently provided ongoing documents required in the ever changing Education sector at this time, and showing their support. Without you we would not be able to operate and offer our services to Tamaki Makaurau, supporting tamariki in a homebased environment, which we believe is one of the most valuable learning environments for tamariki.

With the new close contact rules changing the Ministry of Education has provided a great and simple tool to use to work out what type of contact you are and if you need to isolate. If you have anything COVID-19 please call either your Visiting Teacher or Ministry of Health for further guidance.

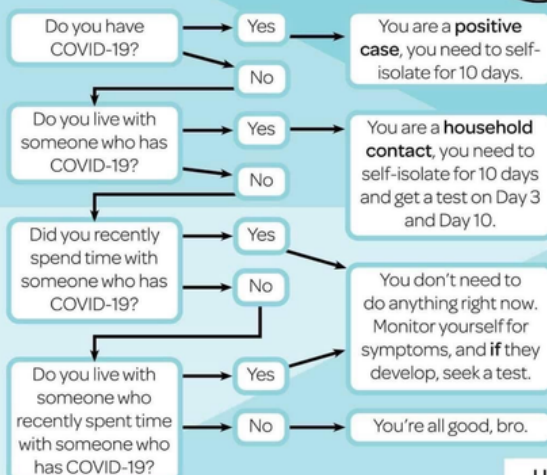

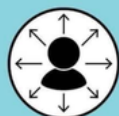

What's in this issue:

- Latest COVID update
- Important Dates
- Let's Cook!
- Lets Create!

We have been so lucky this summer, enjoying some of the best weather we have had for a few years - this has meant lots of outdoor fun for our tamariki exploring and doing what they do best - learning through play! Jace is not only exploring water play but also discovering how fun a slip and slide can be!

What type of contact are you?

Important Dates

Daylight savings: 3rd April

Easter: 15th & 18th April

ANZAC: 25th April

School Holidays: 15th April - 1st May

Activity Ideas

Lets Cook! *Frozen banana bites*

Peel and cut 3 to 4 large bananas into thick slices. Add a dab of nut butter (or sunflower seed butter and any other spread you want) to the center to create a banana nut butter sandwich. Then, place them on a parchment lined baking sheet. Once you've finished assembling your banana sandwiches, place the baking sheet in the freezer for 1 to 2 hours, until the banana sandwiches are frozen solid. Then time to enjoy!

Lets Create!

Now we are in Ngahuru/Autumn the leaves on the tree's are starting to change their colour. Here is a fun activity to try with your tamariki - which not only will open up discussions around seasons but also colour recognition.

Go on a walk and collect the fallen leaves which then you can use to create some amazing looking art - such as animals or trees.
